RE: Pre-Petition Campaign Consulting

Situation Assessment

You want to provide a subject matter expert to educate and prepare your employees for union organizing activity. You want employees to understand that union cards are legal documents, that they need to protect their personal information and some of the common misunderstandings employees have about unions.

Proposed Intervention(s)

Pre-petition Campaign Consulting: For this option we will provide a senior LRI consultant to communicate your message directly to employees, to answer their questions accurately and assess your vulnerability during small group meetings.

Objectives

- Train employees on the facts about union cards, common tactics used to get employees to sign cards and the facts to consider before signing a union card.
- Provide a credible subject matter expert who immediately increases your capacity to legally and persuasively respond to potential union organizing activity.
- Assess the organizing union's progress and your vulnerability to determine the level of risk to your direct relationship with employees.
- Prevent NLRB petitions.

Value to Organization

- You substantially reduce your company's vulnerability to union organizing and become a "hard target" by making it difficult for an organizer to get cards signed using typical tactics.
- You will better understand your level of risk and make better decisions about responding to union organizing.
- You will better understand your employees' issues and your opportunities to improve employee relations and retain the direct relationship privilege.

Terms and Conditions

The fee for consulting is \$3,000 per consultant per day (plus travel expenses). For purposes of this proposal a consulting day means each calendar day worked by each consultant. If more than one consultant is working on your case the parties understand and agree that multiple consulting days may be worked on each calendar day.

Payment Terms

All fees are due upon the delivery of the consulting services and are nonrefundable. Consulting fees and expenses incurred by consultant will be billed to you and you agree to pay those invoices upon receipt and to settle those statements within 14 days. You agree and acknowledge that failure to pay fees or expenses associated with this project under these terms will result in reassignment of consultant(s), a penalty of the maximum allowable interest rate per month plus any costs we incur to collect an outstanding balance, until all outstanding invoices are paid in full.

It is further understood that all materials included in or with the above referenced items or programs are fully covered and protected by federal copyright laws. Federal law provides civil and criminal penalties for the unauthorized reproduction, distribution or exhibition of protected products.

Both parties further acknowledge that each entered into this Agreement freely and that this document represents the full understanding of the parties. Both parties also acknowledge and agree that each has been informed of the obligation to report any direct persuader activity performed on Isle's behalf to the United States Department of Labor. LRI agrees to assist Isle in complying with such reporting requirement pursuant to this engagement and agreement. Further, both parties agree to make each other aware of and share copies of any unfair labor practice charges and or objections and challenges to the conduct of an election alleging anything regarding speech or behavior, in any form, during the course of this engagement.

Your payment, in the absence of your signature below, indicates your acceptance of this project and the terms and conditions as stated herein. The terms and conditions on this proposal are good for 90 days from the date on this proposal unless specified otherwise. The parties agree that Missouri law governs any dispute between them and to resolve any disputes in the state or federal courts situated in Saint Louis County or Saint Louis City (respectively), Missouri.

Acceptance

We accept the proposal above and the intervention selected:
