RE: Ryder ~ Campaign Consulting

SITUATION ASSESSMENT:

This Engagement Letter outlines the terms of complete and comprehensive Consulting services to combat the organizing drive launched against the Ryder Company "Company", "Union" has presumably more than 50% of the unit who have signed Authorization Cards purporting to authorize the Union to act as their exclusive representative for collective bargaining wages, hours and working conditions.

A petition has been filed with the NLRB Regional Director requesting that a vote be scheduled on the merits of the petition and an election is forthcoming.

A systematic, organized counter-campaign will be implemented to secure an election win. All executives, managers and supervisors must be thoroughly trained in what can be said and not said during a campaign to avoid unfair labor practice charges that could void or reverse a positive election outcome.

Time is of the essence in commencing work on behalf of the Company. Any delay is injurious to the Company's chances of successfully winning the election.

OBJECTIVES:

- Our objectives include conducting a thorough assessment as to the local management and conditions that led to the organizing effort.
- Training local management in the operation of the National Labor Relations Act including formation of the Company's Union-free philosophy statement, the enforcement of no-solicitation, no-distribution policies, a full understanding of the actual Union Organizing Plan, and an understanding of the use and misuse of Union Authorization Cards.
- Management's knowledge of what they can say during the Union campaign including disadvantages of Union representation from the viewpoint of the Company Services and the Company employees. A thorough understanding of the facts involving collective bargaining, strikes, Union fines against members, and obligations owed by employees to the Union.
- An understanding of what the supervisor can do prior to and during an organizing campaign. A thorough understanding of the TIPS rules including common questions that employees ask supervisors during pre-petition activity and desired responses.
- Supervisor/employee role-playing scenarios involving common situations that occur during Union organizing pre-petition activity.
- Systematic captive audience meetings with all supervisors and voting employees on a weekly basis, with distribution of appropriate handouts in English or any other applicable language.

VALUE TO THE ORGANIZATION:

- The value to the organization will include permitting the Company to continue to operate while systematically addressing campaign activity.
- Proactively identifying those factors and conditions by department that contribute to low employee morale and disaffection.
- One-on-one discussions with each manager and supervisor to localize issues that demand attention and possible correction. Reporting to senior management about the strengths and weaknesses in the organization that require immediate intervention and corrective action to minimize the likelihood of future Union encroachment.
