RE: Campaign Consulting & Inoculation Training

Situation Assessment

You have asked for a proposal to provide materials and consulting services to help you win your upcoming NLRB election. You have a few short weeks to educate your employees on the disadvantages of unions and convince them to put their trust in a direct relationship with you as opposed to an outside third party like the union. You want to make sure that your consulting is persuasive, legally sound and provides the best opportunity to build trust with your employees.

You also want to provide a subject matter expert to educate and prepare your employees for union organizing activity. You want employees to understand that union cards are legal documents, that they need to protect their personal information and some of the common misunderstandings employees have about unions.

Proposed Intervention(s)

- **Campaign Consulting:** For this option we will provide expert campaign consulting with two on-site facilitators to communicate your message directly to employees in employee meetings and one-on-one at your 4 petitioned New York locations. Our consultants will work with managers and supervisors at your locations to increase your own internal capacity for handling employee relations issues after the campaign is over. This option does not include representation before the NLRB, which would require an additional engagement if desired by the client.

Inoculation Meetings: For this option we will provide 2 additional Senior LRI consultants to conduct union "inoculation" meetings with your employees. These two on-site facilitators will assess union vulnerability and communicate your message directly to employees.

Objectives

- Win the NLRB election by as wide a margin as possible or achieve a withdrawal of the petition, without meritorious election objections or unfair labor practice charges.
- Increase trust and credibility of the current leadership team by improving communication and developing their ability to create a positive employee relations environment.
- Maintaining a direct-relationship at your facility (unionized facilities are less productive and profitable than direct relationship ones – the estimated "dead weight cost" of unionization around 25% more than the cost of operating non-union).

Value to Organization

- You avoid a steep--and slippery--learning curve and are free to do the most important trust-building work. You can talk to employees without engaging in "mud-slinging" -- you are free to spend your time on a positive message about the company.
- Your communication strategy is legally proven and sound. Our communication tools have never been found to be objectionable by the NLRB in thousands of elections.
- You receive a proven program, with over 10,000 successful client engagements.

Terms and Conditions

The fee for the Partially Guaranteed Option is a project price of \$305,000 (plus expenses) which assumes approximately 100 days of consulting (4 consultants w/ 25 days each). Should additional days of consulting be requested by the client it is understood those additional days will be billed at our customary rate of \$3,000 per day and added to the project price. This fee includes a nonrefundable \$5,000 communication tools fee for videos, data and other support materials along with a \$150,000 nonrefundable fee for inoculation training. \$150,000 guarantees an election win at four selected locations. Each election represents 25% of the \$150,000 partial guarantee. This agreement covers consulting to and including the initial election dates of each of the elections directed or stipulated to by the company and the union. For purposes of this agreement, an 'election win' is defined as a withdrawal of the petition or a win at the ballot box, and an election loss is defined as a certification by the NLRB that the union was selected as representative of your employees. Should the election date be extended for any reason whatsoever, the parties agree to enter into another agreement for additional consulting or to pay for additional consulting days at our customary rate of \$3,000 per consultant per day. Should the client fail to schedule additional consulting days on a mutually agreeable schedule the parties understand and agree that the initial retainer fee shall become nonrefundable and due to LRI. Travel expenses and any additional consulting days beyond the election date in this agreement will be billed separately and are not subject to the guarantee.

Payment Terms

For the Partially Guaranteed Option we require a \$230,000 retainer due upon acceptance of the proposal. We will apply that retainer to the project price. Based on the vote count and in the event of a "win," you agree to pay the remaining balance due of the project price within 7 days of the NLRB election. Should your company lose any of the 4 NLRB elections, you will pay \$18,750 less for each loss from the remaining balance. Any expenses incurred by consultant will be billed to you and are due upon receipt and you agree to settle those statements within 7 days and to provide a credit card for us to settle outstanding invoices not paid by that time. You agree and acknowledge that failure to pay fees or expenses associated with this project under these terms will result in reassignment of consultant(s), a penalty of the maximum allowable interest rate per month plus any costs we incur to collect an outstanding balance, until all outstanding invoices are paid in full.
